STATE STREET TO CLOSE FOR SIX WEEKS BETWEEN HIGHLAND AVENUE AND LINCOLN AVENUE IN SAN BERNARDINO FOR ROUTE 210 CONSTRUCTION

State Route 210 construction will require the temporary closure of State Street in San Bernardino, starting April 4. The freeway project includes building a below-ground storm drain system along State Street, south of Highland Avenue.

The first phase of work will require State Street to be closed between Highland Avenue and Lincoln Avenue from April 4 to approximately May 13. Crews will dig a deep trench into the street and install a large diameter concrete pipe.

During the closure, residents should use California Street or Macy Street as alternate north-south routes.

Future phases of the storm drain construction will require additional closures along State Street, south to Lytle Creek.

Please note that this work is within a residential area. Motorists should allow extra travel time, drive carefully, watch for pedestrians and follow all detour signs. Remember during construction, **Safety: It's no accident!**
